Northern Ohio Network Access

The Dental Care Plus Group's growing provider networks mean more viable plan design options for employers and increased access for their enrollees. We coordinate with our customers to offer a dental benefit plan to meet their network access needs — locally, regionally or nationally.

Network Options

As The Dental Care Plus Group (DCPG) continues to increase our presence in Northern Ohio, we are committed to growing our provider networks, ensuring more options for members. We persistently, yet patiently, recruit dentists to join our networks through consistent communication and follow-up.

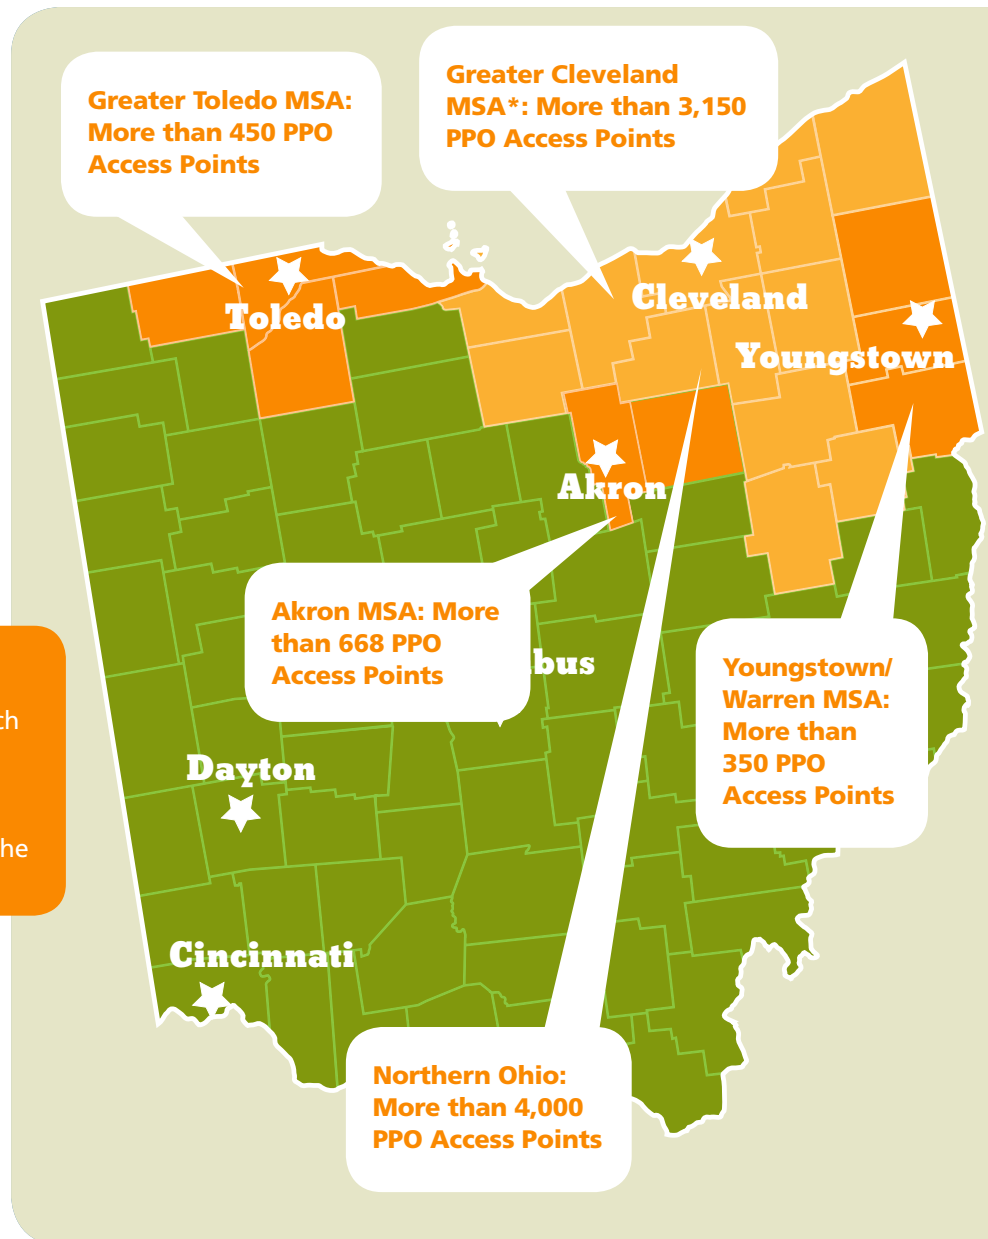

Seamless Customer Service

You can rely on DCPG for an unmatched customer service experience. When you call during business hours, a person, not a recording, will answer the phone. This means no lengthy waits, no endless phone queues and no automated voice menus.

Find a Dentist

Members can use our online tool to search for an in-network dentist by ZIP code, specialty or last name. It's as simple as visiting fad.dentalcareplus.com then selecting the appropriate plan listed on the Member ID card.

*An MSA is a metropolitan statistical area as defined by the U.S. Census Bureau.
