

More custom quoting options.

Looking to increase your clients' satisfaction and loyalty? For a low monthly cost, upgrade their core or voluntary VSP plan to give their employees what they want.

Lens Upgrades

Employers can customize their plan to give employees these options:

- **Progressive Lenses**
Progressive lenses function like trifocal and bifocal lenses. We cover all types, not just the standard.
- **Scratch-resistance Coating**
Scratch-resistant coating is applied to plastic lenses to increase their resistance to normal scratching and pitting. The result? Longer lasting, clearer lenses.
- **Anti-reflective Coating**
Anti-reflective coating reduces “ghost” images, glare from lights at night, and eye strain caused by overhead lighting.
- **Tint/Photochromics**
Tint/photochromic lenses, which are commonly referred to as “Transitions”, automatically darken when exposed to sunlight.

Allowances

Your clients' employees want more for their money. Help them maximize their dollar with these customizable allowance options:

Total Copayments	\$0-\$25
Split Copayments	\$10/10 - \$10/30
Retail Frame Allowance	\$100-\$180
Elective Contact Lens Allowance	\$100-\$180

Choose an allowance between \$100 – \$180.

Increase client satisfaction and loyalty by giving them what their employees want. Call your VSP representative today for rates and more information.
