CareSource[®]

GET REAL INSURANCE.

When it comes to health insurance, it can be difficult to understand what is covered and what really matters. At CareSource, we keep things simple and affordable while ensuring you get the coverage you need. We're real insurance that you can afford.

SHOPPING FOR A PLAN?

Here are some basics you should know if you're shopping for an individual or family health insurance plan. Health Insurance Marketplace-qualified plans, like the ones CareSource offers, are the only plans guaranteed to provide all the essential health benefits required by the Affordable Care Act.

These benefits include:

Preventive and wellness services and chronic disease management

Prescription drugs

Ambulatory patient services (*outpatient care you get without being admitted to a hospital*)

Emergency services

Hospitalization (*like surgery and overnight stays*)

Pregnancy, maternity and newborn care (*both before and after birth*)

Mental health and substance use disorder services, including behavioral health treatment (*this includes counseling and psychotherapy*)

Rehabilitative and habilitative services and devices (*services and devices to help people with injuries, disabilities or chronic conditions gain or recover mental and physical skills*)

Laboratory services

Pediatric services, including dental and vision care

Birth control coverage

Breastfeeding coverage

Imaging services

Marketplace-qualified plans also have no limits on pre-existing conditions* and no lifetime coverage caps for essential health benefits.

This is *real* health insurance. Individual and family health plans that aren't Marketplace-qualified may not provide coverage for all of these items, so to make sure you're getting coverage for all services, purchase a Marketplace-qualified health plan.

CareSource's Marketplace-qualified plans with the optional benefits package cover more than the essential health benefits, including adult dental, adult vision and a fitness program with access to multiple fitness centers or home fitness kits.

*Per Healthcare.gov, a pre-existing condition is a health problem, like asthma, diabetes or cancer you had before the date that new health coverage starts.

SAVING MONEY ON HEALTH INSURANCE

Marketplace plans are the only plans that qualify for government-sponsored funds that help bring down the overall cost of the plan. Advanced premium tax credits and cost-sharing reductions are calculated by the Health Insurance Marketplace during the shopping and enrollment process at enroll.CareSource.com. If you qualify, it can save you money on your monthly premium and each time you get medical services. So consider the total cost of your medical care when you pick a plan. Based on your income and household, you can qualify for:

Advance Premium Tax Credit (APTC)

Tax credit taken in advance, in whole or in part, to lower monthly premium payments. This can be used no matter what plan you enroll in.

Cost-Sharing Reductions (CSR)

CSRs lower the amount you have to pay for deductibles, copayments and coinsurance. CSRs only apply to Silver plans, so if you qualify for a CSR, you must enroll in a Silver plan to get it.#

CareSource Marketplace plans are available in all 92 counties in Indiana.

All services (except ER and Urgent Care) must be received by in-network providers in order for the cost shares listed to apply. All Silver levels are based upon eligibility for cost-sharing reductions as determined by the Health Insurance Marketplace.

BRONZE

Generally a good choice if you do not expect to have a lot of doctor appointments, don't need many prescription medications or need other health services. Plus, the Health Savings Account (HSA)-eligible plan provides a tax-free way to save for health care costs. It can be used in conjunction with an HSA from the bank of your choice.

GOLD

This may be a good choice if you expect to have a lot of doctor appointments, need many prescription medications or need other health services. Gold plans have:

Higher premiums. You pay more each month for a Gold plan than you would for another metal level.

Lower out-of-pocket costs. With a Gold plan, the amount you pay each time you get a health service, such as seeing a doctor or filling a prescription, is less than what you'd pay if you have a traditional Bronze or Silver plan.
