Re: CareSource Provider Network

CareSource Indiana strives to maintain a robust provider network to ensure all Marketplace members have access to needed healthcare services. As of January 1<sup>st</sup>, 2020, CareSource will be offering insurance plans across all 92 counties within the state. To meet the needs of our current and prospective members, networks listed below have agreed to provide services to our Indiana Marketplace members. Some of the below systems may not have direct contractual relationships with CareSource but they have agreed to treat CareSource members. This is not an all-inclusive list, it is a representation of the major health systems available within every region of the state. Please utilize our Find a Doc Tool for an all-inclusive list of our Network.
